

Checklists for hygiene inspection in the workplace

Transportation

Basic standards

Hygiene of the workplace and its facilities.

No	Item	Yes	No
1	Workplace, surrounding areas and areas that may be contaminated or frequently exposed to physical contact such as floors, walls, bolts, doorknobs, handrails, public relations points, checkout points, light switches, elevator buttons and remote control buttons are cleaned regularly with cleaning agents.		
2	The restrooms and all sanitary wares, for example, toilet bowls, toilet seats, flushing levers or urinals, bidet sprays, bolts or doorknobs, faucets and sinks are cleaned regularly with cleaning agents. The restrooms are ready for usage all the time, sufficient for users, and safe for users of all genders and ages; including disabled people and people who have a health problem.		
3	Ventilation system in the workplace is suitable and cleaned regularly.		

Cleaning equipment provision to prevent the spreading of viruses and bacteria.

NO	Item	Yes	NO
1	Hand wash gel with at least 70% alcohol is provided in common areas such as a public relation points, entrances, exits and elevators.		
2	Sinks and toilets must be clean and provided with soap.		
3	Cleaning equipment and cleaning agents are provided, such as floor cleaning agents, toilet cleaning agents and long-handled grips for garbage collection.		

Protection for workers

NO	Item	Yes	NO
1	Workers that are at risk of exposure, such as receptionists, public relation staff, porters, customer relation staff and janitors must take appropriate self-protection measures such as wearing a cloth mask, washing their hands regularly, avoiding unnecessary touching of their faces, eyes, mouths and noses, and janitors must wear gloves while working.		
2	If the worker has any illness such as fever, cough, sneezing, sore throat, runny nose or panting, have the worker stop working and get treatment at a health facility.		
3	Regularly wash hands with water and soap or hand sanitizer before commencing on duty, after touching anything dirty, after removing personal protective equipment, and after finishing a duty.		
4	Hand washing signs in the bathroom to remind employees and customers should be provided.		
5	Staff that collect waste must protect yourself by wearing a cloth mask or sanitary mask, rubber gloves, and rubber apron. Staff must use a long-handled grip to collect waste. After collecting waste, staff must close the waste bag tightly, leave the waste bag at the waste disposal area, and wash hands with water and soap properly after every operation.		
6	Knowledge, advice and media are provided.		
7	Media or knowledge channels on how to prevent the risk of spreading COVID-19 virus to staff are provided, such as methods for identifying suspects infected with COVID-19. Suggestions for proper conduct.		

SHA standard requirements

Entrepreneur (rented van / traveling bus / traveling boat / yacht / other)

NO	Item	Yes	NO
